GOM4 Orientation Task Assignment – Coots, Anthony

Student Information

Student name: Anthony Coots
ID number: 010958511
Date: 02/17/2023

Section A1

My decision to attend WGU is deeper than simply achieving a bachelor's degree in my desired field. While I have plenty of options around me to finish my bachelor's degree locally, WGU works with my schedule and plan as I am a full time database administrator at my local community college. WGU gives me the most reasonable opportunity to further progress in my field of work as it works on my achieved associates degree.

Section A2

As I prepare to start the end of my bachelor's degree, I imagine my life feeling even more accomplished than it currently is. I will be a more educated person which will benefit the community I pledge to everyday.

Section B1

My name is Anthony Coots and I am enrolled in the Computer Science Bachelor's program at the WGU college of Information Technology.

Section B2

Two of my specific requirements for the degree include Advanced Data Management (D191) and Fundamentals of Information Security (C836). These are important to me and my career goals as I currently manage data for the community college I work for along with protection of that information.

Section C1

C1-A

I will turn to my program mentor for support in understanding a logical schedule / plan for me and their thoughts on my application and approach.

C1-B

In moments where the material may seem vague or unclear in my understanding. I will look to the instructor for a further demonstration / understanding of the material of which I am yet to be comfortable with.

Section C2

As I start with the program I will make it a clear and early goal to show up and give my best effort. Getting into a habit of trying my best from the first day will lead me to completion of the program.

Section D

Part 1: My plan is to chip away a bit every day along with more than usual commitment on the weekends. As weekends, I have more time away from my 8-5 work week.

Part 2:

Time	Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
6:00 AM	Sleep	Sleep	Sleep	Sleep	Sleep	Sleep	Sleep
6:30 AM	Sleep	Sleep	Sleep	Sleep	Sleep	Sleep	Sleep
